

# GoLumo – Powering a Sustainable Future

## About Us

At **GoLumo**, our mission is to accelerate India's transition to clean energy and smarter living. We specialize in **EV charging solutions**, supported by **solar energy and smart home technologies**. To strengthen our ecosystem, we also collaborate with trusted partners for **property management** and **marketing services**, giving our customers a complete sustainability experience.

## Core Focus

### - EV Charging Solutions (GoLumo EV)

- Charge Point Operator (CPO)
- Franchise hubs & leasing models for AC chargers
- End-to-end installation, operation & maintenance
- **In-house software development agency** providing smart CMS, billing, monitoring & user-friendly solutions for EV owners and operators
- Current presence: Andhra & Telangana → expanding pan-India

## Sustainability Extensions

- **Solar Solutions** (with *Greentek Solar & Bharat Charge*): Large-scale solar installations with smart monitoring & preventive maintenance.
- **Smart Homes (GoLumo Smart Homes)**: Automation systems for energy-efficient, secure, and sustainable living.

## Add-On Services (Through Partnerships)

- **Property Management (Enliven Security Services)**: Residential & commercial upkeep with integrated security solutions.
- **Marketing Solutions (Elephant Ad Agency & Resomax 360)**: Outdoor campaigns & digital marketing for brand growth.

## Our Ecosystem of Partners

Greentek Solar • Bharat Charge • Enliven Security • Elephant Ad Agency • Resomax 360

## Why GoLumo

- EV-first, sustainability-driven
- Franchise & leasing models for easy adoption
- In-house software + hardware ecosystem
- Trusted partnerships across sectors
- Pan-India vision with South India stronghold
